

Features and Benefits

Exclusive Stampin' Up! Content

- Stampin' Up! artwork and accessories available in a digital format.
- Stampin' Up! colors allow for perfect coordination when embellishing professional print projects with traditional embellishments. Add depth and dimension when you combine digital with handcrafted.
- With My Digital Studio, your favorite images and colors need not retire--you can keep using them for years to come!

Software

- My Digital Studio starts with nearly 2,000 unique elements--stamps, embellishments, templates, kits, punches, Designer Series papers, card stock, borders, and more.
- Intuitive design for easy navigation and project creation.
- Plenty to do for more advanced users including
 - Customizable stamps and embellishments
 - Photo, background, accent, and page editing
 - Multimedia features including music, videos, and links
- Automatic photo fill for effortless design.
- Program is on 2 DVDs, making downloading quick and simple.
- The program is stored on your computer, not on the web, so you can take it with you.
- PC and Mac compatible.
- Training and quick start materials available to help you learn more.
- Use My Digital Studio as a design tool--create projects digitally before crafting it in paper, or create flyers to print or e-mail to customers.

Digital Downloads

- Download new embellishments, stamps, kits, and templates to My Digital Studio on a regular basis. Digital downloads are also compatible with other design tools.
- Digital downloads feature exclusive Stampin' Up! artwork and colors.
- Embellishments are true to size, making it easier to combine digital projects with paper crafting.

Print

- Professional print service available--print your photo albums, calendars, and cards. Professional printing for individual pages will be available soon.
- Stampin' Up!'s professional print services ensure that printed colors match with our paper products. Because personal printers and other print services use different settings, their prints may not match Stampin' Up!'s exclusive colors within acceptable tolerances. Stampin' Up! has worked to make sure that our professional print services match our colors perfectly!
- Don't limit yourself to print projects! You can also create digital projects like DVDs, interactive albums, and e-cards.
- With My Digital Studio, you can print your projects from your home printer (depending on your printer's settings, printed colors may not match Stampin' Up!'s exclusive colors).
- Stampin' Up!'s professional print services use only the highest quality products--papers, album covers (linen, leather, and photo covers).
- My Digital Studio is competitively priced at \$79.95.
